

Key Knowledge

Science:

- We need light in order to see things
- Dark is the absence of light
- Light can be reflected from surfaces like mirrors
- Light can be dangerous and we can use sunglasses to protect ourselves
- Shadows are formed when the light from a light source is blocked by an opaque (solid) object
- Outside shadows change shape and size depending on the time of the day
- Shadows can change shape and size depending on where the light source is

Geography:

- Norway is in Europe and Oslo is the capital city.
- Norway has cooler summers and colder winters than us. They get more snow. In the winter, they have less hours of sunlight than us and in the summer they have more hours of sunlight.

VocabularyKey Text

All in all, The Darlings were a normal, happy English family – until the arrival of Peter Pan. Peter ran away from home on the day he was born because he didn't want to grow up. Since then he has been living with the lost boys and fairies on an island called Neverland.
