<p>Rationale:</p> <p>In this topic we are learning about two nurses, who made an impact in our history, Florence Nightingale and Mary Seacole. We can describe them as 'Angels' who made changes in how patients were cared for. In history we are going to find out about their lives and how they made our lives better today. In art we are going to use the I-pads to create an image of a lantern as Florence Nightingale was described as 'The lady with the lamp'. We will use our learning time in Computing to create a fact file all about these two incredible nurses.</p>
