

English

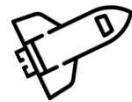

We will share the book **Beegu** and read about how an alien ends up on planet Earth. We will learn the text map for the story and use this as a stimulus to write our own **fantasy story**. We will also look at instructional writing and write our own **instructions** about how to look after the moon. We will continue our daily Guided Reading and Phonics sessions.

Maths

For the following half term in Maths we will be exploring **fractions**. We will be looking at halves, thirds and quarters, including both unit and non-unit fractions. We will also be learning about **time**. This will include o'clock and half past, quarter past and quarter to, and telling the time to 5 minutes.

Science

We will learn how to notice that animals, including humans, have **offspring** which grow into adults. They find out about and describe the **basic needs of animals**, including humans, for survival (water, food and air) and finally they learn how to describe the importance for humans of **exercise, eating the right amounts of different types of food, and hygiene**.

RE

In RE this half-term our topic is '**To the Ends of the Earth.**' We will learn about the **Holy Spirit** visiting the apostles during Pentecost, after Jesus has ascended to heaven. We will learn about the transformation of Saul and the Fruits of the Holy Spirit.

Year 2 – Summer 1

Fly Me to the Moon

History

We will be looking at significant figures who have affected our lives. We will look at **Neil Armstrong** who was the first man to land on the moon and then we will look at **Tim Peake**, a local astronaut, and the work he has done in space.

Computing

In Computing we will explore how to **ask questions** to collect useful information. They will learn **to organise data** using tally charts, pictograms, and simple branching databases to **help sort and identify objects**.

Art

We will be using the ipads to create **digital art of the night sky**. We will look at various space themed pieces and use these as inspiration for our creations.

Design and Technology

We will be designing and making our own night sky. We will be using different techniques **to join fabrics** together and embellish our skies when they are finished.

Music

Our theme for music this half term is **friendship**. We will use our imaginations to create our **own performance** to a song, using tuned and un-tuned instruments as well as our bodies and voices.

PE

We have two PE lessons each week in which the children will be developing and learning skills in **tennis** and **athletics**.
