

Year 6	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Topic title & Driver	Wonderful Women	Victorians	Dragons Den <i>Light topic for SATs prep</i>	Evolution – Fight For Survival <i>Light topic for SATs</i>	We Belong Here	Dig for Victory
<u>HISTORY</u>	Study a range (5 or 6) famous women who influenced the ways of society. What they stood for, their reasons and the outcomes.	Remembrance Week Chronology, timelines, Queen Victoria's Legacy, railways, Industrial Revolution, different new points, Lord Shaftesbury, children, work and School.				Overview of ww2 reasons. Battle of Britain. The home front. Propaganda. Women's Land Army. Evacuation.
<u>GEOGRAPHY</u>	Local Study Week Know, locate and find the countries where all (3) women came from and a little about the society of the time in each case.	Locate countries of British Empire during Victorian era. Mark growing railway routes on map. Map the land use related to Industrial Revolution, North.				Identify and locate all countries captured/ invaded by Hitler. Know about their physical features - aerial photos, plans and web resources.
<u>ART & DESIGN</u>	Drawing and painting: Pop art - Andy Warhol. Examine some of his work and use styles/ techniques to produce paintings of 1 of the women studied.	Printing: William Morris. Children to practice printing and over printing. Lots of viewfinder based drawing first for detail. Before making print tile.	3D: Albeto Giacometti sculptures To recreate using tin foil and pipe cleaners – look at various position – how does light cast the shadows	3D: Link to cross-breeding to create 'fantasy' creature 3D models using clay/mouldable materials Use tools to add texture and detail/tactile elements Combine materials and processes	Drawing: Use photographs to make detailed sketches of animal skin, claws, eyes etc. Create in pastels, charcoals and pencil Use viewfinders	Painting and Drawing. Lowry - study style. Use acrylics on canvas. 5 Colours used by Lowry. Apply with brushes, sticks and fingers. Perspective.
<u>DESIGN TECHNOLOGY</u>		Materials and construction: Make a canvas bag by printing William Morris design onto it and embellishments for aesthetic quality.	Make a periscope Work to a set budget – setting prices for children to buy lengths of card, sellotape etc. Pitch to a panel and consider what a prospective buyer would be looking for at planning stage of design		Electrical & Mechanical Components Make electrical quiz boards linked to knowledge of classification	Healthy Week Materials. Work accurately and precisely. Hide joints to improve aesthetic quality of product. Justify choice of materials used. Design, make and evaluate a bomb shelter..
<u>SCIENCE</u>			Light Unit How light travels How we see – shadows, colours in bubbles, periscopes, light appearing to bend objects in water Lots of hand on experiments	Know about living things and their adaptations. Fossils. Cross breeding. Pros and cons of specific adaptations – Eg: 2 feet versus 4, long beak versus short Know about Charles Darwin's work	Classification of plants and animals. Invertebrate/vertebrate.	Healthy Week
<u>COMPUTING</u>	Data retrieving and organisation: I can add special effects to alter appearance of an image/ graphic. I can make an information poster putting my graphic skills to best effect.	Algorithms and Programs Unit This has not been linked to the topic – unless one can be forged Teach skills needed to fulfil National Curriculum	Data Retrieving & Organisation: Adding special effects to graphics – make short animation using sculpted figures	Using the Internet: Hold class discussions online. Use search engines using keywords. Skim read information on screen note down main points needed.	Data Bases: Collect live data Create data bases and present info in them Create and use branching data bases	Presentation. Create a short film with mixed media to present to an audience then adapt it for a different audience.
<u>MUSIC</u>	Listening & Appraising Aretha Franklin songs – she was activist for human rights – her song was elected as anthem for Black Lives Matter Continue to learn instrument through West Sussex Music Service	Ukulele/P Trumpet lessons: West Sussex Music Service lessons cover a great range of rhythmic and performance work whilst learning to play an instrument	Composition: Compose a short melodic piece of background music Notate using standard notation Appraise their own compositions	Listening & Appraising Haydn – The Creation and The Surprise Symphony Comparing and contrasting Continue to learn instrument through West Sussex Music Service	Performing and Notating Create a class rhythmical performance using simple and complex rhythms to produce a 'Tribal Groove' piece	Ukulele lessons. Learn how to play simple music on the ukulele/P Trumpet - so that accompaniments to World War II songs can be achieved. Sing and perform wartime songs – include songs in 2 parts
