

# LASP Y3/4 Tennis

## (22/05/19)

On Wednesday we took a team of girls and boys to TLA to play a variety of tennis based skills and games on the tennis courts, the sun was out and it was a great afternoon. The teams split to compete as boys and girls in the skills section whilst there were also individual games being played. Despite finishing 7<sup>th</sup> overall our team all enjoyed their afternoon and felt like they improved their tennis ability.

“When I found out I was chosen to go to the tennis event I was so excited I struggled to think about anything other than tennis, even the work I was doing in the classroom! I really enjoyed practicing tennis at lunchtime before we went to the event because I had never played tennis before. When I got there I was really happy, my favourite activity was the agility ladders but I loved all the skills and drills. I had fun and felt proud that I tried my best and made friends with children from different schools” – Lacey

“Prior to event I was really excited as I like tennis, when I arrived I started to feel happy as we were there and it was happening. During the event I was proud of our team for following the rules and instructions of each game, the results did not go the way I would have liked but I felt like I improved my tennis skills and I really enjoyed the agility ladders in the skills and drills section. I would love if we could create a tennis court within school for us to practice every day” - Louie
