

# SWB New Age Kurling – (04/02/19)

On Monday morning we had the opportunity to go to TLA and participate in a New Age Kurling tournament, we took two teams that played 6 group stage fixtures. Our teams began with little experience of Kurling and progressed well whilst enjoying their morning. Their final group placement game came down to a 'stone off' a sudden death of which team could get their stone closest to the target. After this the results fell that we would play against each other to compete for 6<sup>th</sup> and 7<sup>th</sup> place. This event made us aware of sports that all abilities can play and gave us the opportunity to engage with people that we might not meet around our school.
